

Join us to celebrate the launch of

# UTEP'S AI INSTITUTE FOR COMMUNITY- ENGAGED RESEARCH

*A think tank initiated through the UT System Regents' Research Excellence Program.*

AI-ICER brings together interdisciplinary researchers, educators, public and private sector leaders, and industry partners to tackle regional and national challenges through the integration of AI.

## WHAT TO EXPECT:

Learn about the mission and future of the institute and meet our talented faculty.

Hear from leaders on how AI is transforming health, education, and communities.

Network with researchers, professionals, and community members.
